## Profile Summary

---

Result-driven Computer Science undergraduate with hands-on experience with programming languages such as JavaScript, Java, SQL. Actively exploring Generative AI, LLMs, and problem solving through ML, with a keen interest in building, prototyping, using computer science principles.

## Experience

---

**DSA Problem Solving Intern (Java)** — Remote

2025-Present

Apna College

- Mentored students and solved basic to advanced DSA problems using Java.
- Focused on writing clear, efficient, and optimized solutions.

**AlgoZenith — Chapter Lead** — Part-time

2025 – Present

Srmcem-Lucknow

- Led the college coding club, organizing coding challenges, workshops, and hackathons.
- Worked with MERN, Python, Java, JavaScript on competitive programming, mentoring, and small projects.

**Microsoft Learn Student Ambassador (MLSA)** — Remote

2025 – Present

Microsoft Learn Community

- Guided students on Microsoft Learn paths covering Azure, AI, GitHub, and cloud fundamentals.

## Projects

---

**Travex — Smart Travel Discovery Platform** (GitHub: <https://github.com/Aniket006dev/travex> 🔗) 2024 – 2025

- Built a **full-stack travel platform** using **Leaflet.js**, **MongoDB Atlas**, **Cloudinary**, increasing engagement by **40%**.
- Implemented **location-based listings and secure uploads (Multer)**, improving discoverability by **35%**.
- Integrated a **booking system** with availability tracking and email notifications, improving efficiency by **25%**.
- **Tech Stack:** Node.js, Express.js, MongoDB Atlas, Cloudinary, Leaflet.js, HTML, CSS, EJS

## Skills

---

**Languages:** Java, C, JavaScript, Python, SQL

**Machine Learning & AI:** Machine Learning Fundamentals, Applied ML, Generative AI

**Web & Software:** HTML, CSS(Bootstrap Tailwind CSS), JavaScript, Flask, REST APIs, MongoDB, Node.js, Express.js, React.js, Redux/Redux toolkit, Prototyping

**Foundations & Tools:** OOPs, DBMS, OS, Git/GitHub, LeetCode, Dev-tools

## Education

---

**B.Tech – Computer Science and Engineering**

2023 – Present

Dr. A.P.J. Abdul Kalam Technical University, UP

CGPA: 8.3/10

**12th (Science PCM)**

2021 – 2022

CBSE Board, New Delhi

Percentage: 80.4%

## Accomplishments

---

**Code Charades Hackathon (Geeks for Geeks SRMCEM)**

2025

- Ranked among the top 3 teams out of 50+ by building a web platform for vendors to showcase and sell practical lab apparatus to educational institutions.

**Smart India Hackathon (SIH) — Internal Qualified (2x)**

2024 – 2025

- Selected in the internal rounds of SIH 2024 and 2025, demonstrating strong problem-solving, ideation, and teamwork skills.
